25X1

1. a. The LAERZ (N 54/U 33) airfield was strictly guarded. Sixty-three single-engine fighters, 27 twin-engine aircraft and 12 biplanes were counted there.
- b. Description of the single-engine fighters: Low-wing monoplane, radial engine, three-bladed propeller, red propeller hub, rear section of cockpit fairing into fuselage, triangular rudder assembly with rounded trailing edge.
- c. Description of the twin-engine aircraft: Low-wing monoplane, in-line engine, double rudder assembly.
- d. Six other twin-engine aircraft were taxiing out of the woods on the north-western edge of the field. More aircraft were possibly stationed there.

2.

Comment:

This is the first report received on the occupation of the LAERZ airfield by air units. A different source confirmed the occupation for the period from 6 to 17 September 1949. It is assumed that the bomber aircraft were previously stationed in FLINOW.

25X1
25X1
25X1

[redacted] It is not clear whether the LAERZ airfield was permanently or only temporarily occupied in connection with air force maneuvers.
